Aquarius is a collection of bathroom cabinets made to a very high standard from solid European Oak, finished with durable oil, perfect for wet rooms. They are available in natural oak, a darker finish or unfinished if required.

We offer our floor standing cabinets with the option of an oak or marble top as shown. Alternatively, they can be supplied without a top should you wish to select your own.

The units supplied with marble come with holes pre-drilled for the waste and taps. The oak tops are not pre-drilled as this is a simple task to do on site. The positioning of the holes can be specified and on the larger units 2 sets of bowls and taps can be accommodated.

Wicker baskets are an optional extra. Please ensure you request this when you place your order. Likewise, if you prefer to fit your own door handles or knobs, we can leave ours off.

Each piece is made to order and we are able to make bespoke sizes and designs. Additional / matching pieces of furniture can be made to your design/specification.

N.B. The taps and bowls shown are for illustration purposes only. All measurements include the tops.
